The Honorable Christiana Mercer Rigby, Chair Howard County Council 3430 Court House Drive Ellicott City, MD 21043

Dear Chair Rigby Chris Kiana -

On behalf of the Howard County Arts Council, it is my pleasure to submit our final report detailing Arts Council activities for the fiscal year ending June 30, 2019.

This past year, the Arts Council successfully managed a number of programs and services which reached 322,700 people and provided opportunities for 9,600 artists. Highlights include:

GRANT ADMINISTRATION

The administration of grant programs is one of the Arts Council's most important responsibilities. In FY19, the Arts Council administered 7 grant programs:

1) Community Arts Development (CAD)

Funded \$330,000 in CAD grants to 19 Howard County organizations in two categories: general operating and project. Operating grants are awarded to Howard County arts organizations for on-going day-to-day activities related to presenting and producing public programs. Project grants are reserved primarily for small or newly formed arts organizations as well as non-arts groups that wish to conduct a one-time arts activity or project.

2) Organizational Development

These grants are awarded to Howard County arts organizations to assist with core arts management, financial and organizational functions, including Board development, leadership training, organizational planning, accounting, and finance. In FY19, no grants were awarded.

3) Artists-in-Education (AiE)

This program is a partnership between the Arts Council and local PTAs, both public and private, to place professional artists in Howard County schools for periods of one day up to several weeks. Grants are designed to encourage both hands-on activities in the arts and cross-curricular connections between the arts and other academic disciplines; funded \$32,100 in AiE grants to 19 PTAs.

4) Baltimore City Arts & Cultural Organizations

This grant program provides general operating funds to key Baltimore City arts and cultural organizations that provide significant services to Howard County citizens; \$168,000 was awarded to 11 organizations.

5) Outreach Howard

This grant program was established to encourage recipients of the Baltimore City Arts & Culture grants to extend the reach of their programs directly to Howard County residents by partnering with a local group(s) to produce arts and /or cultural activities IN Howard County; \$40,000 was awarded to 7 organizations.

6) Jim Rouse Theatre Subsidy Program

This program subsidizes up to half of The Jim Rouse Theatre for Performing Arts rental fee for local non-profit arts organizations; funded \$11,568 in JRT subsidies to 4 organizations for rental subsidies.

In addition to these grant programs, the Arts Council awarded funds to individuals through Re:CREATE: Ellicott City Artist Relief Fund, Arts Scholarship Program, Rising Star Competition, Mark Ryder Original Choreography Grant, and ARTsites public art competition and exhibition.

HOWARD COUNTY CENTER FOR THE ARTS

In addition to the grant programs, the Arts Council operates the Howard County Center for the Arts, a 32,000 sq.ft. multi-purpose incubator space devoted to providing a wide variety of opportunities in the arts for citizens of Howard County. In FY19, 38,724 people visited the Center to attend classes and summer camps, view an exhibit, enjoy a performance, or take a workshop; 4,100 artists benefited from Center programs.

In order to maintain a vital arts community in the county, the Center also provides affordable studio space to professional artists and office space for arts organizations. In FY19, the Center was home 14 visual artists (full capacity): James Adkins (painting and drawing), Joan Bevelaqua (watercolor and oil painting), Han Jeon (painting and drawing), Myungsook Ryu Kim (painting and drawing), Arthur Landerman (painting and illustration), Diana Marta (painting, drawing and mixed media), Brendan Nass (painting, mixed media, graphics); Jereme Scott (painting and screen printing), Joyce Ritter (quilted/painted fabric), Alice St. Germain Gray (glass beads and jewelry), Andrei Trach (painting and drawing), Jamie Travers (mixed media), Mary Jo Tydlacka (painting and drawing) and David Zuccarini (oil painting and drawing). Center resident arts groups were Ballet Mobile, Columbia Orchestra, and Columbia Pro Cantare.

SPECIAL PROJECTS

The Arts Council is devoted to fostering local community arts, reaching out to new audiences, and ensuring that the arts are accessible to all Howard County residents. Special projects and outreach programs are developed to appeal to artists and educators, as well as, general audiences and special populations. Highlights of the Arts Council's FY19 special projects are described below:

ARTsites

To activate community spaces and to make art more accessible to the public, the Arts Council partnered with 12 sites to bring the visual arts outside of our gallery walls and place art at locations throughout the County including Glenwood, Laurel, Ellicott City and Columbia.

Celebration of the Arts

The Arts Council hosted its 22nd annual *Celebration of the Arts in Howard County* fundraiser at the stunning Horowitz Visual and Performing Arts Center at HCC. The 2019 *Celebration* showcased the visual and performing arts in Howard County and focused critical attention on the local arts community. This year's main stage performance featured the Rising Star Competition.

Over 500 people attended the gala evening, which included a reception featuring culinary delights by local restaurants and caterers, silent auction of local visual artwork, entertainment, and the Howie Awards. The event netted \$74,100 - which has been re-invested into initiatives such as grants, scholarships, outreach programs, and capital improvements at the art center.

The Howie Awards

Each year, the Arts Council recognizes individuals and businesses for their significant contributions to the arts in Howard County. This year's Howie awards recipients were Brenda Kidera, visual artist (Outstanding Artist), David Matchim Centennial HS, Director of Bands (Outstanding Arts Educator), HorseSpirit Arts Gallery/Robin Holliday (Outstanding Business Supporter), Fern Eisner, photography, folk dance (posthumously- Legacy in the Arts) and Theresa Colvin, Executive Director, Mid Atlantic Arts Foundation (Coleen West Leadership in the Arts).

Fabulous 50+ Players

In FY19, the Arts Council continued its support for the Fabulous 50+ Players senior performance troupe. The troupe participated in an Outreach program of Lighthouse Senior Living and Harmony Hall; "Holiday Songs Through the Decades" at the Elkridge 50+ Center and Ellicott City 50+ Center; and "Berlin + Bernstein" at North Laurel 50+ Center, Vantage House, and Harmony Hall. 11-16 senior cast members took part in each of the 7 shows. Auditions and rehearsals took place at HCCA.

Head StART in ART

In 2000, the Arts Council established Head StART in ART, an artists-in-residence program that provides children enrolled in the Ellicott City Head Start Center (ECHSC) with hands-on artistic experiences with at least one professional artist in the classroom. For FY19, the Arts Council received funding for the project from the Isadore and Bertha Gudelsky Family Foundation, Inc., PNC, Wells Fargo, enabling the Arts Council to expand the program to include the Old Cedar Lane (OCL)Head Start Center in Columbia and sponsor a total of 5 artists/groups: Prakriti Dance, Indian dance; Christylex Bacon, Hip Hop artiest, Bab Jamal Kram, storyteller,; and Cantare, Latin American music and visual artist Susan Stockman conducted a mosaic residency at ECHSC. 108 ECHSC and 64 OCL students participated. Each residency culminated in a sharing assembly for Head Start friends and family on the last day of the residency, during which children performed songs and dances they had learned, or shared artwork they had created. The ECHS mosaic mural project was unveiled with County Executive Calvin Ball in June.

Paint It Ellicott City

From July 6-9, 2018, HCAC partnered with Howard County Tourism & Promotion to host a three-day en plein air paint-out event, Paint It! Ellicott City. 24 artists were selected by juror Bennett Vadnais, local artist and instructor. Due to the flood, the kick-off and welcome event on Thursday night was held at the Howard County Center for the Arts, the artists were allowed to paint in expanded boundaries encompassing areas within Ellicott City zip codes (21043 & 21042) on Friday, Saturday, and Sunday along with 51 additional artists and students from the community. A six-week exhibit of juried artists and a one-day exhibit of community artists was held at the Arts Council; 275 people attended the reception. A total of \$6,250 were awarded to Paint It! artists.

Scholarships

A total of \$10,000 in scholarships was awarded to 7 Howard County high school seniors to continue their education in the arts.

Rising Star Professional Development Award

The Rising Star Emerging Performing Artist Professional Development Award process is modeled after hit television series competitions, such as *American Idol* and *The Voice*, with finalists performing in front of a live audience and the audience selecting the winner. In this case, finalists are selected through a discipline-based audition process and the award recipient is selected through a written ballot process at the *Celebration of the Arts in Howard County* gala. The winner of the competition receives a \$5,000 professional development award to further their career. In FY19, 6 finalists competed; musical theatre vocalist, Curtis Bannister received the award.

More information regarding the Arts Council's activities is included in the report. Should you have any questions or need further information call me at 410.313. ARTS (2787).

In closing, I would like to take this opportunity to thank Howard County and the County Council for their continued support of the arts in our community and for believing that the arts are an important part of county life.

Sincerely

II. President's Report: Julie Hughes Jenkins

- A. Re-CREATE Update In wake of the second devastating flood in less than 2 years, in Historic Ellicott City, the Arts Council reestablished the Re-CREATE: Ellicott City Artist Relief Fund. To date, we have received \$2,590 in individual contributions, \$25,000 from the Maryland State Arts Council and the Executive Committee approved the use of up to \$10,000 in grant funding to be applied to the fund, as needed. Funding guidelines and applications will be available on our website soon.
- B. Paint It! Ellicott City HCAC will be moving forward with Paint It! Ellicott City. We have extended the boundaries to all of 21042 and 21043 and our major sponsor is on board and very excited that we are still having the event. HCAC will serve as home base for the event and for the exhibit, we will dedicate one wall as a benefit exhibit. Buyers will be able take purchases with them throughout the exhibit. Chester noted that Su Casa in Baltimore has a dedicated a full window to EC merchandise.
- C. Sponsor Thank Yous We are asking Board members to send handwritten thank you notes to \$500+ contributors (sponsors, extras, & donors) from FY18. At today's meeting, each Director has received the name(s) of the contributor(s) to whom they'll be writing a thank you note, along with any pertinent details about the contributor(s), stationery & a stamped envelope and guidelines & sample language. Board members were asked to mail their thank you note(s) by July 1.
- D. Staff Update Jamie Driskill, our Visitor Services and Facilities Assistant has resigned and his last day was June 5. Adrienne Knight will be coming in to train the new person. Dan Vellucci is also moving on. He will be taking on a grants management role at Johns Hopkins University School of Medicine. Dan has been with the Arts Council for 11 years and it will be a significant loss for the organization. Katie Wofford, our current Gallery & Programs Coordinator will be moving into the grants position and we will be posting the Gallery & Programs Assistant position.

III. Treasurer's Report: Coleen West for Jim Henstrand

A. The FY18 financials through May were presented and are on track, with income at \$1,344,865 (100.8%) and expenses at \$1,163,060 (82%). Expenses are coming in under budget and we do not anticipate having to transfer any funds from the previous year. The Executive Committee met to review the year-end projections as well as the

preliminary FY19 budget. The Executive Committee did not approve the budget at that time because of the uncertainty around the funding from the state arts council. Since then, we have received notification of that funding and those numbers are included in the updated budget.

Finance Committee made a motion to approve the FY19 budget as presented.

Second: Julie Hughes Jenkins

Vote: Unanimous

IV. Committee on Grants: Mary Kay Kenney

- A. Recent Meetings The Artistic Review Panel met on June 13, 2018 for the Baltimore City Arts & Cultural / Outreach Howard grant review. The Committee on Grants met on June 14, 2018 to review their ARP's recommendations.
- B. BCAC FY19 Grants The Artistic Review Panel met on June 13, 2018 to review 11 BCAC grant applications with a total requested amount of \$176,116 (\$168,000 available). The primary and alternate reviewers of each organization led discussions outlining the positives and negatives of the application based on: the merit of artistic, educational, or cultural activities; the ability of the applicant to carry out the proposed project; and service to Howard County residents. The Committee on Grants accepted the funding recommendations of the ARP.

Committee on Grants is making a motion to approve the ARP's funding recommendation for BCAC as presented (included in the packet)

Second: George Wilson

Vote: Unanimous

C. Outreach Howard FY19 Grants - The ARP reviewed 7 OH grant applications with a total requested amount of \$53,762 (\$40,000 available). The same criteria were used to score these applications. However, unlike the operating grant, this grant is program-based. The Committee accepted the funding recommendations of the ARP.

Vote: Unanimous

V. Strategic Initiatives Report: Julie Hughes Jenkins

- A. Board Development The Executive Committee is preparing a roster of candidates to share with the Board at the July meeting and will be confirming renewals for those Board members who will be included on this year's Board Ballot.
- B. Physical Campus HCAC was asked by Howard County government to verify the rental projections presented in the Webb business plan for the NCC. Staff reviewed and updated the projections based on current facility usage and total rental revenue from local, comparable organizations. The resulting revenue was significantly less than originally presented by Webb. HCAC met with County staff in late May to review the updated revenue projections. Staff noted the decrease in projected revenue is predominantly due to the revised floor plan which eliminate or reduced several key rental spaces and a decrease in the number of rental incidents. The adjustments in rental incidents was done to present a realistic picture of what HCAC feels in achievable by year 3 in the new space. County staff then scheduled a follow up a meeting on June 25 with several of the project partners to review those projections. The Board noted that good and relevant questions are now being asked and that this is a positive step forward.

- VI. New Business No new business was discussed.
 - A. Update on Strategic Plan George Wilson asked about any updates on the plan.

 Board briefly discussed and noted that there was a lots of positive interaction and it was a good meeting. We are awaiting the consultants report.

C. Physical Campus – As reported at the June meeting, HCAC was asked by Howard County government to verify the rental projections presented in the Webb business plan for the NCC. HCAC has met with the County and project partners several times over the last month in an effort to get everyone on the same page in regards to the rental projections. As previously reported, HCAC is projecting significantly less rental revenue than was presented in the Webb plan and we are trying to work through that difference. Our three primary areas of concern are as follows:

Number of Rentals

HCAC feels the number of rental incidents projected, not the rental rates, are not achievable. In an effort to present a realistic plan, we increased the majority of the rental rates and decreased the numbers of rental incidents.

Current Design vs. Webb's

The floor plan Webb was using has changed significantly in several key areas. Specifically, there are no longer two lobbies, requiring all guests for all events to go through the main space and therefore limiting the rentability of the remaining lobby. In addition, the terrace was listed as 10,000 square foot and has been reduced to 2,500 square foot. In addition, the food & beverage area was originally 2,500 square foot and it now less than 400 square foot.

Total Rental Revenue

While our revised rental projections (\$450,820) are significantly less than Webb's (\$786,959), it is still a 300% increase over our current rental revenue (\$110,000).

Last week, we presented a revised scenario that reallocated both rental income and space use in an effort to minimize the deficit and we are awaiting a response from the County and the project partners.

Staff presented an overview of the financial projections. The Board briefly discussed the challenges facing this project and the importance of the project partners working through the critical issues identified in the capital campaign feasibility report.

VI. New Business

- A. Exhibit Committee Linda Rochelle provided an overview of the recent Exhibit Committee meeting noting that the committee reviewed 56 artist portfolios including 24 held from previous reviews. Exhibition Committee did a great job pairing up individual artists and thinking about new installation possibilities. Exhibition slots filled through 2020, one potentially in 2021.

Second: George Wilson

Vote: Unanimous

- F. The Board had a brief discussion about the number of grants being awarded to schools engaging Chesapeake Shakespeare. Coleen noted that this is because they have an excellent artist-in-education program that directly aligns to the common core curriculum and they have worked extensively to engage schools.
- Mary Kay Kenney also noted that this year we received our highest number of applications from Title 1 schools. Ellen Flynn Giles further explained that this gets more resources to the schools with the most limited resources as they are not required to provide matching funds up to \$2,500.

V. Center Committee: Linda Rochelle

- A. Summer Camp saw a continued increase in enrollment this year with 793 total registrations and 67 out of 78 classes running. In comparison, last year there were 754 total registrations and 58 classes ran. Staff noted that given our current space restrictions, we are just about at our full capacity for camp.
- B. There are currently two exhibitions on view including: Gallery I: MannequART features creations from past and present wearable art competitions sponsored by ManneqART, an international arts and education non-profit that inspires creativity, teaches problem solving skills, and rewards excellence in "sculpture on the human form." And in Gallery II: Through Another Lens which showcases evocative photographic portraiture by Linda Bunk and Mead Notkin.
- C. In addition, the Center Committee reported that they reviewed resident studio applications for studio 5A, ranking their top four candidates. Those candidates were then invited to see the space, of which two did so. The committee selected artist, Han Jeon and his lease begins October 1st.
- D. The Committee also reviewed resident arts organization applications for Studio 17, selecting Pro Cantare whose lease began September 1^s.

VI. Strategic Initiatives Report: Julie Hughes Jenkin

- A. The NCC project partners met again on August 23 to discuss how to close the current funding gap of approximately \$9 million before presenting the project to the Council. From this meeting the team developed the following to-do tasks:
 - A. Finalize Howard Hughes contribution. HDR's current offer does not meet our criteria for naming rights of the building and we are continuing to negotiate.
 - B. Prepare Master Lease, MOU. Draft documents have been submitted to the County.
 - C. Start capital campaign planning
 - D. Provide project budget detail to the Department of Finance
 - E. Update maintenance costs to include common area charges
 - F. Reach agreement on revenue projections
 - G. Discuss subordinate loan concept further with Department of Finance and Councilperson Sigaty
- B. The Board had a brief discussion about the overall project and what phases are now complete. Staff noted that the designs have been approved by planning and zoning and therefore our suggested operational changes relating to space usage do not affect the physical designs.

VII. New Business

- A. Mission Statement HCAC submitted our revised mission statement to the County for review and it has been presented to the Council Members for review. However, due to the minor nature of the changes and the significant number of major projects the Council is working on, it will not be presented as a topic of discussion. If there are no objections from the Council, after 45 days, the new mission will go into effect.
- B. Candidate Questionnaires All County Council candidates were sent a questionnaire after the primary. Four of 11 candidates returned the questionnaires and they are now available on our website for review.
- C. New employees Dana Whipkey has started as our new Visitor Services & Facilities Assistant, Becky Wiest as our new Gallery & Program Assistant and Katie Wofford will now be serving as the Grants & Special Projects Coordinator.
- **D. Conflict of interest –** For any Board members who have a Conflict of Interest form in front of them, please sign and return to staff.
- E. Board Members Today is Chester Stacy's last meeting. The Board and staff thanked Chester for his service noting that he brought great perspective to the Board and his time and input were greatly appreciated.

- VII. Strategic Initiatives Report: Brian Rosenberg
 - A. Strategic Plan Overview The Executive Committee met in December and reviewed the draft strategic plan. For each primary objective, action steps and action sub-steps have been included. Next steps are to define the timeframe, responsibility, metrics, and financial impact/resources needed for each action and sub-action step. The intent is to create a comprehensive document that will guide the organization for the next 3 5 years. A copy of the current draft was available for Board to review at the meeting and included in today's packet was a one-page overview of the mission, vision, core values and goals that were approved by the Board in July.
 - B. Physical Campus In an effort to prepare for the transition to the new county administration, staff drafted a one-page overview of the NCC project that was sent to Orchard Development for their review. Coleen is currently working on scheduling a meeting with the County Executive to brief him on our ongoing efforts as well as the new cultural center in Downtown. In the interim, Coleen went to one of County Executive Ball's listening sessions in Glenelg where she noted the following:
 - She recently served on a sub-committee of the Economic Opportunity and Prosperity Task Force whose report recommended a county-wide plan for arts and culture to identify and address the needs and interests of the arts community including a dedicated space for the arts and a formal public art plan.
 - Also noted that HoCo needs to be able to compete with other counties in the region and to do so we need a wide-range of creative spaces and we have been working with Housing, Orchard, and CCTA on a combined residential and visual and performing arts project in DTC and we look forward to working with his administration to make this vision a reality

At the request of the lawmakers, HCAC will be convening the Downtown arts groups currently to develop a cooperative plan that addresses how the groups will work together and prioritize their capital needs.
 - P. FY20 Budget Request Coleen noted that she will not be able to meet with County Executive Ball personally but will be meeting with someone from his leadership team. She explained to

the Board that this means she will be submitting out FY20 funding request without having an understanding of the County Executive's priorities are and as such, HCAC will be requesting a 4% increase with an understanding that we may request additional paygo funds for any new initiatives.

D. **Public Art** HCAC is one of the advisory members of the new courthouse public art panel. First meeting was held this week and they will be working with a budget of approximately \$500,000.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

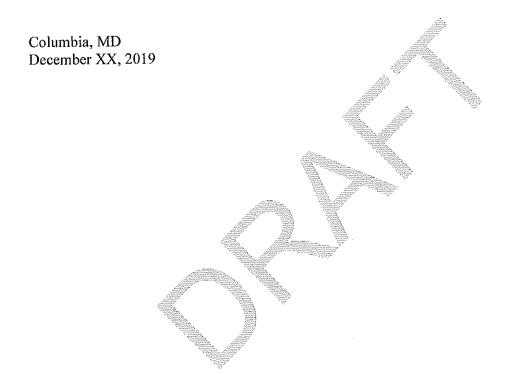

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# NOTE A - NATURE OF ORGANIZATION AND PROGRAM DESCRIPTION

Established in 1981 as a not-for-profit corporation, The Howard County Arts Council, Inc. (the "Council") was formed by a resolution of the County Council of Howard County, Maryland, to foster the arts and cultural development in the Howard County community. As the county's designated arts council it is authorized to administer state and county public funds by awarding grants to qualifying organizations that promote the arts, art education, and culture.

The Council provides the following program services:

Grant Awards - To advance and support the arts, the Council administers the following six grant programs: Community Arts Development, Artists-in-Education, Baltimore City Arts and Cultural Organizations, Organizational Development, Outreach Howard and the Jim Rouse Theatre Subsidy Program. A volunteer Artistic Review Panel is charged with evaluating all grant applications received from eligible organizations. The Board of Directors votes on the panel's recommendations and has final approval of the grant awards.

Art Center - To encourage an active and supportive relationship between artists and the public, the Council manages a 32,000 square feet multi-purpose arts center, which provides affordable studio and meeting space to artists, a black box theatre and dance studio for performances and rehearsals, classrooms for arts education, and two exhibit spaces for the display of various forms of visual art work.

Community Services - To foster and promote the arts, the Council maintains a website that promotes upcoming programs and performances, develops partnerships to advance the arts, publishes a quarterly newsletter, offers awards and scholarships, and provides various resources, technical assistance, advice and guidance on artistic development and art education.

Special Projects - To ensure that the arts are accessible to all citizens, the Council develops programs that reach out to underserved or new audiences. These programs may be ongoing or one-time pilot projects.

# NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Council have been prepared using the accrual basis of accounting. Therefore, revenue and related assets are recognized when earned and expenses and related liabilities are recognized as the obligations are incurred.

# NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

# Adoption of New Accounting Pronouncement

For the year ended June 30, 2019, the Council adopted the Financial Accounting Standards Board's Accounting Standards Update (ASU) No. 2016-14 – Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities. This update addresses the complexity and understandability of net assets classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return between not-for-profit entities. A key change required by ASU 2016-14 relates to the net assets classes used in these financial statements. Amounts previously reported as unrestricted net assets are now reported as net assets without donor restrictions and amounts previously reported as temporarily restricted net assets and permanently restricted net assets, if applicable, are now reported as net assets with donor restrictions.

# Financial Statement Presentation

Financial statement presentation follows Financial Accounting Standard Board ("FASB") Accounting Standards Codification ("ASC") Topic Not-for-Profit Entities. In accordance with the topic, the Council is required to report information regarding its financial position and activities according to two classes of net assets. Accordingly, net assets of the Council and changes therein are classified and reported as follows:

Net Assets without Donor Restrictions - Net assets not subject to donor-imposed restrictions or stipulations.

Net Assets with Donor Restrictions – Net assets subject to donor-imposed stipulations that may or will be met by either actions of the Council and/or the passage of time, or that must be maintained permanently by the Council. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statement of activities as net assets released from restrictions. Contributions received with donor restrictions that are met in the same reporting period are reported as support without donor restrictions and increase net assets without donor restrictions.

# Cash and Cash Equivalents

The Council considers all highly liquid investments with original maturities of three months or less to be cash equivalents. Money market accounts held in accounts that are professionally managed by investment advisors are reported in investments.

(continued)

# NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

# Cash and Cash Equivalents - continued

The Council maintains its cash balances in bank deposit accounts which are insured by the Federal Deposit Insurance Corporation up to \$250,000. At times, the accounts may exceed these limits. The Council believes it is not exposed to any significant credit risk on cash or cash equivalents.

# Pledges and Grants Receivable

Pledges and Grants receivable are stated at the amount management expects to collect from balances outstanding at year end. Annually, management determines if an allowance for doubtful accounts is necessary based upon review of outstanding receivables, historical collection of information and existing economic conditions. Accounts deemed uncollectible are charged off based on specific circumstances of the parties involved. Based on management's evaluation of uncollectible accounts at the end of the year, bad debts are provided for on the allowance method. Management expects to collect all outstanding receivables. Therefore, no allowance for doubtful accounts was established as of June 30, 2019 and 2018.

# Property and Equipment

Property and equipment are stated at cost or, if donated, at fair value as of the date of donation. The Council capitalizes all property and equipment with a cost basis greater than \$500 and a useful life greater than one year. Expenditures which extend the useful life of an asset are capitalized while repairs and maintenance are expensed. Depreciation and amortization is provided using the straight-line method over the estimated useful lives of the assets as follows:

Furniture, fixtures and equipment 5-7 years Leasehold improvements 10-20 years

### Investments

Investments are accounted for at fair value and consist of money market funds and certificates of deposit, which are maintained in an investment brokerage account. The fair value of certificates of deposit held in brokerage accounts is based on their quoted market price, and is provided by the Council's investment fund manager. Interest and dividends are recognized as earned. Unrealized and realized gains and losses on the fair value of investments are recognized in the statement of activities in the period in which such changes occur.

(continued)

# NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

# Deferred Revenue

Deferred revenue consists of unearned registration fees received in advance for participation in the summer camp programs held by the Council.

### Revenue Recognition

The majority of revenue is received as either grants from both the state and local government, or as contributions from corporations and individuals, and is recognized when awarded by the granting authority. Grants and contributions received with donor restrictions are recorded as net assets with donor restrictions based on the donor's intent. Expirations of net assets with donor restrictions are reported as reclassifications from net assets with donor restrictions to net assets without donor restrictions. Additionally, unexpended funds received from government agencies may be due back to the funding authorities, unless the funding authority allows the Council to retain such excess. For the years ended June 30, 2019 and 2018, there were no unexpended funds due back to granting authorities. Camp registrations is recognized on pro-rata basis through the duration of the related camp. Rental income is recognized in the month to which the revenue relates.

# **Agency Transactions**

The Council receives grants and contributions from government and private sources for purposes of furthering the Council's stated mission: to enrich and serve our Howard County community, by fostering the arts, artists and arts organizations. Funds received and distributed by the Council for purposes for which it acts as an agent, trustee or intermediary for resource providers are not included in the statement of activities in cases where the Council does not have discretion or variance power over the distributions.

### Donated Facilities

The Council receives donated facilities from the Howard County government, which is reported as an in-kind contribution and rent expense in the statement of activities in the period in which such facilities are used. The estimated fair rental value of donated facilities is based on an estimated market rental rate and the allocated utilities, facilities, and maintenance costs from the County.

# NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

# Method Used for Allocation of Expenses from Management and General Activities

The financial statements report certain categories of expenses that are attributable to one or more program or supporting function as management and general activities. Expenses of this nature are allocated on a reasonable basis that is consistently applied. Allocated expenses include depreciation, occupancy costs and other general organizational costs which are allocated on the basis of time worked.

### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### NOTE C – INCOME TAXES

The Council is a 501(c)(3) organization that is exempt from federal income tax under Section 501(a) of the Internal Revenue Code. The Council is, however, subject to tax on business income unrelated to the Council's exempt purpose. No provision for income taxes is reflected in the accompanying financial statements for the years ended June 30, 2019 and 2018, since the Council had no taxable income from unrelated business activities

The Council recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. The Council does not believe its financial statements include any uncertain tax positions.

The Council's information returns are subject to examination by the Internal Revenue Service for a period of three years from the date they were filed, except under certain circumstances. The Council's information returns for the years ended June 30, 2016 through 2018 are open for a tax examination by the Internal Revenue Service, although no request has been made as of the date of these financial statements.

# NOTE D - AVAILABLE RESOURCES AND LIQUIDITY

The Council strives to maintain liquid financial assets to cover 12 months of general expenditures. As part of the liquidity management plan, the Council invests cash in excess of daily requirements in short-term money market and short-term bonds. The Council has various sources of liquidity at its disposal including cash and cash equivalents, accounts receivable and investments.

(continued)

# NOTE D - AVAILABLE RESOURCES AND LIQUIDITY- continued

For purposes of analyzing resources available to meet general expenditure over a 12-month period, the Council considers all expenditures related to its ongoing program activities and services to support those activities to be general expenditures. The Council intends to spend purpose restricted net assets within one year, therefore, these amounts have not been deducted from financial assets in the table below.

Additionally, although the Council does not intend to spend board designated funds other than amounts appropriated for general expenditure as part of its annual budget approval and appropriation, these amounts could be made available if necessary.

The following table reflects the Council's financial assets as of June 30, 2019 and 2018 reduced by amounts that are not available to meet general expenditures within one year of the statement of financial position date because of donor restrictions:

# NOTE F - INVESTMENTS AND FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Level 1 of the fair value hierarchy under FASB ASC 820 is described as inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Council has the ability to access.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs are based on unadjusted quoted prices for identical assets traded in active markets that the Council has the ability to access.
- Level 2 Inputs are based upon quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, or model based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data.
- Level 3 Inputs are unobservable and significant to the fair value measurement.

The following valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Council's investments in money markets funds are valued by carrying amount, which approximates fair value.

(continued)

# NOTE F - INVESTMENTS AND FAIR VALUE MEASUREMENTS - continued

The fair value of certificates of deposit and the interest in assets held by the Community Foundation of Howard County (the "Foundation") have been provided by the Council's investment managers and the Foundation, respectively, and use a variety of pricing sources to determine market valuations, including indexes for each sector of the market.

(continued)

# NOTE H - AGENCY TRANSACTIONS - continued

For the years ended June 30, 2019 and 2018, there were no grants awarded for which the Council did not have variance power.

### **NOTE I - DONATED FACILITIES**

The Council leases office, exhibit, studio, performance hall, and meeting space in the Howard County Center for the Arts for an annual rent of one dollar under an operating lease with Howard County, Maryland. The lease provides for annual extensions thereafter on agreement of the parties involved.

The lease may be terminated at the discretion of either party with 60 days written notice. For the years ended June 30, 2019 and 2018, the value of donated rent and utilities was estimated at \$157,431 and \$206,703, respectively.

### **NOTE J - SUBLEASES**

As per the lease agreement established with the Howard County government, the Council may sublease building space to artists and related organizations. Such space consists of studios, classrooms, a theatre, and meeting rooms, which are subleased to tenants under operating lease agreements with varying terms up to June 30, 2019. For the years ended June 30, 2019 and 2018, rent received by the Council under the subleases totaled \$116,203 and \$100,482, respectively.

### NOTE K - RETIREMENT PLAN

The Council established a retirement savings plan which covers all eligible employees. Employees are permitted to contribute up to the maximum amount prescribed by law. The Council is required to make dollar-for-dollar matching contributions of up to 3% of compensation for each employee making salary-reduction contributions under the SIMPLE Plan (Savings Incentive Match Plan for Employees). The Council may, however, elect out of this requirement or reduce the contribution amount provided, within a reasonable time before the annual election period. Eligible employees are notified of the decision to make one of the other permissible employer contributions in which the minimum matching contribution may not go below one percent. For the years ended June 30, 2019 and 2018, the Council's contributions to the SIMPLE Plan totaled \$3,890 and \$3,723, respectively.

# NOTE L - INVESTMENT ENDOWMENT FUNDS

The Council has assets held in by the Community Foundation of Howard County (the "Foundation") to be designated for the Howard County Arts Council Future for the Arts Fund endowment and is classified as net assets with donor restrictions in the accompanying statements of financial position.

(continued)

# NOTE L - INVESTMENT ENDOWMENT FUNDS - continued

The Community Foundation of Howard County (formerly, the Columbia Foundation) holds the Howard County Arts Council's Future for the Arts Fund (the "Fund"), an endowment established in 1999 under an agreement between the Howard County Arts Council and the Community Foundation of Howard County (the "Foundation").

Since the Council has a beneficial interest in those funds, the transaction is considered reciprocal. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence of donor-imposed restrictions. Funds held by the Foundation consist of both donor designated endowment funds and board designated endowment funds.

# Return objectives and spending policy

The Foundation will hold the net assets with donor restriction endowment principal in perpetuity and invest the assets to provide income to the Council. The Foundation has the authority to redirect the monies accumulated in the Fund should the Council discontinue operations. Net assets with donor restriction contributions are recorded by both the Foundation and the Council since contributions are received by the Council and remitted to the Foundation. Per the agreement, the annual distributions available to the Council will be 5% of the market value of the Fund's assets as of December 31 of the preceding year, subject to specified conditions and limitations. The Council has the option to reinvest these funds or place them in the operating account and are classified as net assets without donor restrictions due to time restrictions. Currently, these funds are being reinvested. The endowment assets are managed in accordance with the investment policy established by the Foundation.

The accumulated earnings on both the board designated endowment assets and the donor designated net assets with restrictions are reported as net assets without donor restrictions. These accumulated earnings are available only in accordance with the spending policy established with the Foundation.

(continued)
